

# What can appointment booking and queue management solutions do for my business?

Find out how optimizing your in-location flow and queue management can provide a better customer experience.

## Industries that Benefit

If your business is in one of these industries, queue management solutions are definitely for you.

- |                  |                             |
|------------------|-----------------------------|
| Credit Unions    | Post Secondary Institutions |
| Banks            | Restaurants                 |
| Clinics          | Beer, Wine & Liquor Stores  |
| Retail Insurance | Pubs/Breweries              |
| Luxury Retail    | General Retail              |
| Airports         | Grocery                     |
| Gyms             | Public Transportation       |

## The Solutions

**Virtual Queue**  
Eliminate the physical queue. Gives arriving customers the freedom to simply be notified when it's their turn to enter the location.

**Appointment Booking**  
Safe, seamless solution that integrates with your current system to allow your customers to book appointments digitally.

**People Counting**  
Autonomously monitor and manage occupancy limits, giving your staff and customers insight into occupancy levels and wait times.

## A Better Experience

Provide a safer environment for customers and employees.

Integrate with your loyalty programs and backend systems for VIP shopping experiences & exclusive offerings.

Customers can plan their visit, make appointments to multiple services and locations.

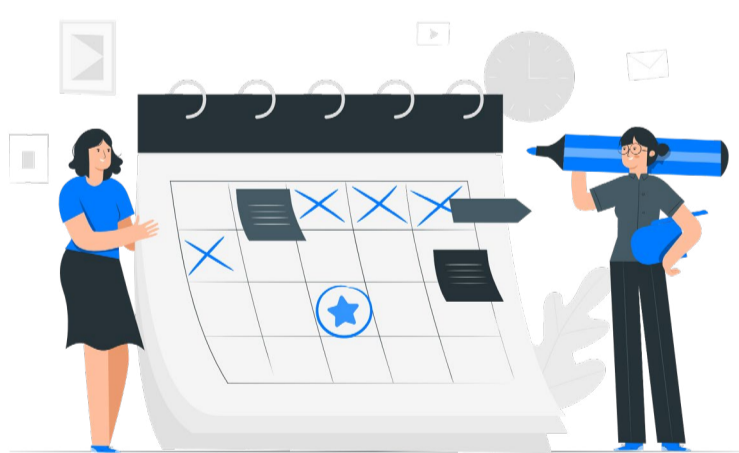

## Completely Scalable

The solutions are highly scalable so you can start small and expand your solution as required or as your customers and staff expectations evolve.

## Long Term Solution

Social distancing, at least, seems to be here for the foreseeable future. Low-fi solutions were acceptable for the initial lockdown and re-opening, but they are not going to be sufficient as more businesses move to robust, long term solutions.

## Quick to Deploy

Most solutions can be deployed and up and running in 1 week or less.

## Free Implementation

To contribute to the community at this critical time, Aequilibrium will be offering one week of free implementation services.

## Canada's Only Wavetec Partner

Wavetec has 20+ years of experience with a wide range of world-class clients and we are proud to be their only Canadian partner.
